ABOUT US

Ischia is one of the most beautiful islands in the Mediterranean.

It is situated in one of the Gulfs most beautiful on the planet.

It is famous throughout the world for its thermal waters. He welcomed hundreds of millions of guests gladdenin them with its kitchen and its wines, its sea and its beautiful landscapes.

Our group of Week of Young Europe, however, decided to donate a little bit of freshness to this Paradise where we are lucky to live and we want to make it attractive also for those who want to have fun, as well as relax and wellness.

We want to welcome young people from all over Europe, and share the fantastic feelings that only Ischia can give.
